Spiritual Business Management

A Revolutionary Approach to Successful Management of Your Life and Business Using Esoteric Laws.

By attending this experience-packed course, you will learn

- 1. How to increase business success by taking greater advantage of the Science of Live Cycles.** Life and nature is governed by cycles, and knowing these can help you discern when to take appropriate action with the right timing in order to take advantage of the natural energies that drive all activities.
- 2. How to more deeply grasp Management through the Seven Rays, i.e., representative modes for more deeply understanding human interactions.** At the core of each of us is a powerful spiritual being. When people tap into this power, significant breakthroughs and accomplishments are possible. Knowing the character of the spirit which is personified into each one of us, give us a deep understanding and powerful insights into ourselves and those we work with.
- 3. How to achieve greater effectiveness and efficiency through Time Management by systematically Prioritizing your Activities.** Amongst other, the principle of "one pointedness" is explored to increase our efficiency and therefore our effectiveness at any task we undertake.
- 4. How to rapidly recharge the physical body and the mind** through breathing exercises so that your responsibilities can be carried out with clarity. By keeping our internal energy strong, one is able to gain greater clarity and the ability to sustain high productivity periods for greater length of time.
- 5. How to remain lucid and calm when you are under stress** and need to make right decisions by practicing proven meditation techniques. Learn techniques that dissolve stress so that your own internal energy and that which you project is healthier, more positive and constructive.
- 6. How to develop stronger leadership skills** that will lead your colleagues to have confidence in your decisions. The integration of the above points will boost your leadership skills and give you an edge over the rest.

What is it?

This innovative workshop recently designed by Master Choa Kok Sui uses a revolutionary approach for the success and financial prosperity of businesses giving a modern and friendly image to management.

By using energy and spiritual laws, the realization of plans and projects and overall implementation of labor relations can be made easier. A positive organizational environment, increased worker productivity and good return on investment can be created.

Through the use of simple meditation techniques, individuals will develop a sharp mind, increasing their capacity to make accurate decisions and take care of critical business situations.

The course also teaches how to handle situations that generate stress in the workplace, allowing employees to instantly recharge physically and mentally. Attendees will be given quick practical tips to remove "stress and tension energy."

The spiritual empowerment of individuals results in strength, confidence, clarity of goals and dynamism to handle business situations. Hear about techniques used to bridge the gap between management and the workforce, gain mutual respect, develop stronger relationships, enhance efficiency and increase productivity.

The workshop is practical and well-structured. While the core teachings are based on ancient spiritual and esoteric principles, its concise, innovative and effective approach to corporate management is tailored and made relevant for the modern world.
